2014 ANNUAL REPORT

**CAST HOPE TOGETHER**

## The HOPE in 2014

*Have you ever watched a movie in another language while someone translated for you?*

After we trekked to a remote village in Nepal, 80+ people crammed around our 15-inch laptop to view *The HOPE* video. *The HOPE* powerfully portrays God's story from Genesis to Pentecost. But because the movie was not in their first or second languages, *three* languages required translating for the villagers to understand. At that time, 10/40 Connections set our hearts on producing *The HOPE* in Nepali.

Over the next 18 months, 10/40 Connections helped facilitate 9 different organizations that partnered to translate, verify, record, edit, produce, promote, and distribute the new version of *The HOPE* video. Now it is available for 30 million speakers of the Nepali language.

*"I am so glad my village can hear about Jesus!"*  
- Harmi villager

Because of you, our generous donors, villagers living in Harmi (the epicenter of the April 2015 earthquake) were able to view the completed video this past summer. And in November, 10/40 hosted a "launching party" for nearly 400 Christian leaders to distribute the video nationwide. Many Christian ministers involved in earthquake relief have also been able to use *The HOPE* in remote locations.

Praise God with us that Nepali speakers no longer require multiple translators! You can download *The HOPE* at [www.1040connections.org/nepalihope](http://www.1040connections.org/nepalihope). Please use and share this powerful tool among any Nepali's you know.

Recording *The HOPE* in a local studio.

The first public showing of *The HOPE* in Harmi.

## EQUIP BELIEVERS

Do any of you have a great-great, grand-daughter?

In one particular area of North India where we started equipping planters in 2007, these sincere house churches have now multiplied to *five* generations (a "great, great, grand" multiplication) and verified over 830 baptisms. Praise!

Such growth is not without opposition, however. During one training a woman named Niranka, who practiced sorcery, arrived to see what this "strange" message was all about.

During worship she began thrashing around and no one could restrain her. Eventually, the planters-in-training cast out multiple "roaring" demons from her, and Niranka became completely free from this demonic bondage. After her deliverance, Niranka accepted Christ and now her testimony inspires many.

## FIGHT INJUSTICE

How Brave Are You?

In July 2014, a Nepali teenager helped crack open a large trafficking ring by offering herself as bait.

*"I knew the owners, the runners, the routes, and their craftiness. And I wanted to stop them."*

16-year old Priya had been previously trafficked, and recently rescued at a 10/40 supported border station. Her vital knowledge of the traffickers' plans made her incredibly valuable.

Working with our partners and police to set a trap, Priya offered to "bring others with her" if the traffickers shared their schedule. On the day, at her signal, police moved in, rescuing multiple women and capturing a prominent trafficker of 200+ women.

## EMPOWER AT-RISK CHILDREN

Ever had a kidney stone?

*"I praise God for the miracles He performs in our school. Sachin, one of my young students, contracted a kidney stone. He cried a lot and suffered much pain. The doctor's medicines were not working. I shared the Gospel with Sachin's mother and sister and asked them to believe in Jesus and we will pray for his healing; she started to cry and said, 'Yes, I believe Jesus will heal him completely.'*

*When I prayed, God healed Sachin fully and the stone instantly passed and the pain ceased. Sachin's mother now tells everyone that the stripes of Jesus healed her son."*

## INNOVATE MINISTRIES

Can water "get to your ears"?

Two new house churches have started and we have 20 new believers since this water well was installed in November 2014.

*"The Joeli Water Project gave us an opportunity to get the ears of the people living close to us to tell them the Word of God easily, and many people accepted Christ as their Redeemer"*

- Bro. Tejas

## 2014 NUMBERS AT A GLANCE

### EQUIP BELIEVERS

- 15 Ummeed Church planter trainings equipped 520 people, including 150 new grassroots church planters.
- 171 verified house churches among 27 least reached people groups were started by these planters in 2014.

### FIGHT INJUSTICE

- 6 TraffickStop border stations counseled more than 15,000 and rescued over 625 women from human trafficking.
- 24 Traffickstop border workers caught 105 traffickers.
- 1 local Nepali leader selected to advance the *Voice for the Voiceless* curriculum.
- 10 VFV seminars hosted 596 participants, and 2 babies' lives were known to be saved.

### EMPOWER AT-RISK CHILDREN

- 17 Lunch Change slum schools educated and fed 562 children.
- 16 of the 17 schools are now self-sustaining by tithes from the local house churches.
- 22 Arise Home girls received education in a Christian school.

### INNOVATE MINISTRIES

- 12 Joeli water wells provided clean water to 6,000+ people.
- 43 successful cataract surgeries opened doors for the Gospel among 5 villages.
- 5 new house churches in have started due to cataract surgeries.
- 30,000,000 Nepali speakers now have online access to *The HOPE* video in their language.
- 475 DVD's of *The HOPE* were distributed among church leaders and Bible students.
